## From the Principal

Thank you to all staff, students and parents for a very successful and busy Term 3. Highlights for this term include the Book Week parade, Cinefest Secondary excursion, the Faction Athletics Carnivals, the Kindergarten Fathers' Afternoon tea, the Pre-primary Fathers' Breakfast and the Father's Day Stall. We also introduced a new school motto this term after consultation with students, staff and parents. The motto 'Learn, Grow, Succeed' symbolises the value we place on education and the expectation we hold for every student at Boddington DHS.

## STAFF CHANGES TERM 4

At the end of this term Mr Aashay Pratish will be leaving us to take up a position as a Science teacher at Merriden College. Mr Pratish has been working in our secondary school and we have greatly appreciated the effort he has put into working with our students. We are currently in the process of selecting a new secondary teacher for Term 4.

We would also like to welcome Mrs Melissa Millar to our staff team as the secondary Physical Education and Health teacher. Mrs Millar will be in this role until the end of this year and Mr Jeffery will now be teaching secondary Design and Technology. Mrs Millar will also be teaching the Home Economics classes next term while Mrs Cashmore is on leave (Fridays only).

Applications have now closed for the Cleaner and School Officer positions advertised. We are now busy with the shortlisting and interview selection processes and hope to successfully fill these positions early next term.

## SECONDARY SCHOOL BUSY BEE

On Friday 20 September our secondary students will be going to the rodeo grounds to assist the Lions Club with preparation for the rodeo. They will be painting the concrete seats. This is part of our partnership agreement with Lions who donated \$5000 to assist us with the purchase of laptops for the secondary school. If you have any usable paint brushes, rollers, roller trays or white paint – the Lions are asking for donations to help with the project. The school also welcomes any parents, family or community members to help out on the day!!

### Self-sufficiency tips

The following three tips help to develop self-sufficiency in children at any age:

1. Problem-solving. When your child or adolescent comes to you with a problem, resist the urge to fix it. Invite them to resolve the problem themselves.
2. Welcome failure. This is hard in our perfectionistic world but expect them to struggle and talk about what they can do to get back on their feet.
3. Expect them to help. Give them tasks that help the whole family, not just themselves and make sure they do them well. Be patient, but firm.
