► From the Principal

Welcome to the 2023 school year! It was great to see the smiling faces of our students on their first day. We have had a really smooth week and I would really like to thank our students and parents who were so well organised with stationary items and uniforms. Welcome to those new families who are now attending Boddington DHS and have joined our wonderful community. I look forward to getting to know you all over the coming weeks.

It is great to be in my sixth year of principal at our great school and I am really looking forward to an excellent year. Having spent two days with all staff prior to the students returning, I am extremely grateful for the quality of teachers, education assistants and non-teaching staff we have at Boddington DHS. Their professionalism, dedication and determination to make a difference for all students at the school is to be commended.

At Boddington DHS our main focus is to develop confident and self-motivated lifelong learners who strive to succeed, are considerate of others, act responsibly and are successful members of society. As a school we will continue to reflect on our performance, seek feedback on how we can improve, and work together to support change. Our aim is to create a school where every student experiences a sense of connectedness and belonging to the school community, of being known as an individual; and where staff care about every student's overall progress and wellbeing. We believe that 'Every student matters, every day' at Boddington DHS and through working in partnership with our community all students will learn, grow and succeed.

We have been fortunate to retain most of our staff from last year, although there have been some changes to staff roles across the school.

WELCOME!!
