### From the Principal

Boddington District High School is extremely fortunate to have such a proactive and supportive P&C Committee. The P&C's past and present members have been working tirelessly to fundraise for the school to provide students with extra resources and improve the overall school learning environment.

One of the fundraising goals was to assist the school to build a nature playground for the students to explore and enjoy. That goal has been achieved and due to the P&C's hard work, with support from local organisations, students now have a wonderful area to explore.

A huge thank you goes out to everyone that has supported the fundraising events organised by the P&C over the last few years. There are some future events coming up which the P&C and school would love your continued support with:
