## BDHS POSITIVE BEHAVIOUR EXPECTATIONS

**Strive**

Do your best.

**Considerate**

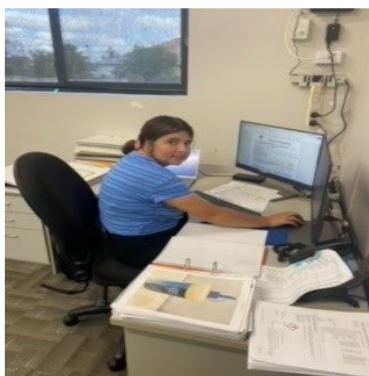

Be caring and mindful of others.

**Responsible**

Do what is expected and own your actions.

## From the Principal

Throughout this term the year 10 students have been completing their work experience placement in various organisations in our community. The work experience program was a great success with both the students and host employers expressing how much they valued the placement. Thank you to Wandering Shire, Peel Harvey Catchment Council and the Boddington Op Shop for hosting our students. Well Done to Macey, Lilly and Caleb for the work you have completed during this experience.

## 2024 STUDENT WORK PLACEMENT

**HELP NEEDED!!** In preparation for 2024, we are starting to contact local companies and organisations that would be interested in hosting a year 10 work experience student. **If you are interested in providing a placement opportunity for one of our students next year, please contact the school.** We have a number of year 10 students attending Boddington District High School next year and I would like to ensure they all receive a placement suited to their future career aspirations. Thank you to Ms Stephanie Whild, our Wellbeing Coordinator, who is coordinating this program for our students.

## TEACH LEARN GROW

We were excited to once again be involved in the Teach Learn Grow Program (TLG). This program involves mentoring and outcomes-targeted mathematics tutoring from volunteer university students. Our involvement with TLG is funded by Worsley Alumina, South 32 and has been running at our school for the last 6 years. The aim of the program is to improve student understanding of selected mathematics outcomes and enhance student confidence in mathematics. Nominated students receive up to 10 hours of one-on-one mathematics tuition with university volunteers over the course of the week. An additional outcome of the program is the immersion of university students in regional communities which is beneficial for the TLG volunteers, the community and all students at the school.

## COLOUR EXPLOSION FUN RUN

A great experience was had by students, staff, parents and community members at our Colour Explosion Fun Run on Friday, 24 November! There was colour, water, obstacles, music, more colour, more water, hay bales, slippery dip, more colour and more water! There was laughter, running, screams of joy, dancing, rolling, more screaming, more running and plenty of VERY happy, colourful children and adults.
